WHEREAS, Such negotiations have this far failed to provide agreement between the parties and such lack of agreement could potentially affect the performance schedule for the 1987 Fall Opera Season; and,

(State Review of Federal Projects)
SUPPORTING CALIFORNIA COASTAL COMMISSION AND BAY CONSERVATION AND DEVELOPMENT COMMISSION ACTIONS IN REVIEWING FEDERAL PROJECTS AFFECTING THE COAST FOR CONSISTENCY WITH THE CALIFORNIA COASTAL ZONE MANAGEMENT PLAN

WHEREAS, The California Coastal Act of 1976, with its specific policies, is the centerpiece of California's Coastal Management Program and

WHEREAS, The policies of the Coastal Act are established by the State Legislature, based on public vote approving Proposition 20, the Coastal Initiative, in 1972; and

WHEREAS, The California Coastal Commission, established by the original Coastal Initiative and reaffirmed by the Coastal Act, reviews and acts on federal development proposals on the California coast in a process called "consistency review", which review is directly based on a Coastal Management Plan that was approved by the United States Department of Commerce in November, 1977; and

WHEREAS, The Bay Conservation and Development Commission (BCDC) was established by the State Legislature under the McAteer-Petris Act, and the BCDC has the authority to review and act on federal development proposals in San Francisco Bay, similar to the review activities of the Coastal Commission, based on the Coastal Management Program approved by the Department of Commerce with regard to BCDC in February, 1977, and

WHEREAS, The Board of Supervisors understands that the Department of Commerce plans to withdraw its approval of the certified California Coastal Management Program, and the federal funding normally provided under that Program; and

WHEREAS, Decertification by the Department of Commerce of California's Coastal Management Program would remove the State's power to guide development of oil resources in federal waters as well as other federal activities such as ocean incineration of wastes and mining in national forest on the coast, and to provide for proper mitigation of and reduction of environmental degradation caused by these and similar activities; now, therefore, be it

FILE NO. 13-87-4 RESOLUTION NO. 830-87

(federal legislation)

URGING CONGRESS TO ENACT THE AMENDMENTS TO THE DISASTER RELIEF ACT OF 1974.

WHEREAS, Congress correctly determined in forging the Disaster Relief Act of 1974 that federal assistance should only be triggered when State and Local governments have exceeded their capacity to respond to emergency caused conditions threatening loss of life and property; and

WHEREAS, Each year an average of 40 presidentially declared disasters occur across the nation affecting some 400 or more counties; and

WHEREAS, In a survey of many disaster struck counties, it was clearly demonstrated that, at best, Federal Emergency Management Agency (FEMA) contributes only 40 cents on each $1.00 of actual disaster recovery costs needed for projects FEMA declares "eligable" for funding; and

WHEREAS, In most life threatening emergencies occuring in communities isolated and devastated by natural disasters, FEMA fails to provide any federal assistance or reimbursement for the most basic life-supporting human services such as the delivery of emergency food, water, medical, nutritional, child and senior nursing services, often times requiring air-lift, water transportation, and the specialized response of the armed forces; and

WHEREAS, Counties are frequently billed for such essential emergency services and resources provided by the armed services in critical times of disaster; and

WHEREAS, In 1986 the National Association of Counties (NACo), in cooperation with a powerful coalition of federal, state and local elected officials and national organizations, defeated the Federal Emergency Management Agency's attempt to implement changes in regulations that would have completely eliminated federal funding for more than 50 per cent of all presidentially declared disasters occuring in the last 5 years; and

WHEREAS, NACo has continually supported efforts to form a coalition of national organizations seeking meaningful reform of the federal disaster relief assistance laws and programs; and

WHEREAS, At a national public hearing on March 13, 1987, NACo solicited nationwide input from federal, state and local organizations regarding an appropriate nationwide county policy on federal disaster relief programs; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco vigorously urges the 100th Congress to take immediate steps to reform the Disaster Relief Act of 1974 to further ensure the proper delivery of the appropriate level of federal disaster assistance as follows:

ejp ~~(1) Elevate FEMA to a preferred status among federal programs consistent with the special mission to protect life and property as originally intended by Congress and similar to the preferred status of other equally vital public safety programs such as the National Centers for Disease Control and the Federal Bureau of Investigation.~~

9/14/87 ejp (1) Guarantee a 75 per cent minimum federal participation in the total cost of disaster reconstruction projects including the cost of all necessary hazard mitigations, according to current applicable codes, specifications and standards.

ejp (2) Shift the program management responsibility for disaster repairs of all "off-system" non-federal streets,

highways, and roads from FEMA to the Federal Highway Administration, with accompanying resources.

(~~4~~3) Place the immediate restoration of public and private facilities which may threaten or cause loss of life, human suffering, income and property loss and other damage above any mere administrative convenience associated with the program.

(~~5~~4) Specify the eligibility period for federal disaster assistance begins on the date of the occurance of the event which ultimately results in the President declaring a major disaster.

(~~6~~5) Provide for federal reimbursement of costs normally associated with disaster emergency and recovery efforts such as, but not limited to: National Guard; jail and conservation corps labor; volunteers; audits; administrative costs and benefits, inspection and supervision; and the delivery of emergency food, water, waste disposal, transportation, medical, nursing, and human services for the purpose of maintaining health, safety and welfare and the protection of life and property resulting from disaster caused conditions.

(~~7~~6) Clarify the definition of an emergency to include other natural and non-natural, technologically-caused disasters resulting in emergency conditions and toxic emergencies requiring immediate emergency response efforts and which are not currently eligible for any other available federal assistance.

(~~8~~7) Establish a Presidential Advisory Commission to further assure the maximum coordination and effectiveness of federal disaster preparedness and assistance in addition to existing Congressional review, oversight and investigations and direct public interest group comment.

ejp (~~9~~8) Increase the amount for individual and family disaster assistance grants from $5,000 to at least $10,000 plus reimbursement of reasonable administrative cost required to implement this critically important but administratively cumbersome program.

ejp (~~10~~9) Strengthen the federal government's responsibility for providing temporary housing as a result of a major disaster based on fair market value of the accomodations supplied; the post-disaster financial ability of the occupant; and, the cost of acquisition and proper preparation of temporary housing sites; and, be it

FURTHER RESOLVED, That this resolution be transmitted to her Honor, the Mayor, with the request that she transmit the same to the San Francisco members of the House of Representatives, the United States Senators from the State of California, and the San Francisco Legislative Representative in Washington, D.C., with the direction to take all actions necessary and appropriate to carry out the intent of this resolution as speedily as possible.

(Housing Code)

FINDING BY THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO THAT THE PROPOSED ORDINANCES TO CHANGE OCCUPANCY STANDARDS FOR FAMILIES WITH MINOR CHILDREN ARE REASONABLY NECESSARY BECAUSE OF LOCAL CONDITIONS.

WHEREAS, the Board of Supervisors is considering amendments to the Municipal Code to strengthen the prohibition of housing discrimination against families with minor children; and

WHEREAS, the superficial floor area standards in the aforesaid ordinance differ in part from the floor area standards of Section 503 of the Uniform Housing Code; and

WHEREAS, Health and Safety Code Section 17958.5 requires the City to furnish reasons to the State Housing and Community Development Department for such changes based upon local conditions; and

WHEREAS, families with children face a housing crisis in San Francisco because of exorbitant rents, a low vacancy rate for rental units, and landlords' preferences for renting to childless households; and

WHEREAS, landlords rely on restrictive occupancy standards to exclude families with children from dwelling units; and

WHEREAS, landlords, under present law, can evict families with young children if the number of household members violate the floor-area standards of the San Francisco Housing Code even though children under the age of six (6) constitute the additional occupants which cause the household to be in violation of the Code; and

WHEREAS, evictions of families with young children cause great hardship to the families, increase the number of homeless people, and cause the city to spend additional resources for child welfare and other social services at a time when the city is grappling with the problem of providing services to dependent children and the large number of homeless people; and now, therefore, be it

RESOLVED, that the Board of Supervisors finds that the changes in the floor area standards of the San Francisco Municipal Code are reasonably necessary to ensure that families with children have access to affordable housing; and be it

FURTHER RESOLVED, that upon passage of the aforesaid ordinances, the clerk of the Board of Supervisors is hereby directed to transmit this resolution together with the aforesaid ordinance to the California Department of Housing and Community Development for filing pursuant to the applicable provisions of the law.

[Sidewalk Parking Fines]

URGING THE MUNICIPAL COURT OF THE CITY AND COUNTY OF SAN FRANCISCO TO INCREASE THE FINES FOR REPAIRING VEHICLES ON STREETS AND PARKING ON SIDEWALKS EXCEPT FOR PERSONS TEMPORARILY PARKING FOR THE PURPOSE OF LOADING AND UNLOADING/ AND EXCEPT WHERE THE AUTOMOBILE IS PARKED IN A DRIVEWAY.

WHEREAS, The California Vehicle Code makes illegal the parking of an automobile on or across a pedestrian sidewalk; and

WHEREAS, The severe shortage of on-street parking spaces in San Francisco results in some people parking their automobiles parallel on sidewalks on a long term basis; and

WHEREAS, The severe shortage of on-street parking spaces in San Francisco has caused some people to repair their vehicles on the street in violation of San Francisco Traffic Code Section 65; and

WHEREAS, San Francisco Traffic Code Section 65 makes it illegal for a person to construct or repair a vehicle or any part thereof on a public street except where the repairs are necessary due to a breakdown or accident to remove the vehicle from the street; and

WHEREAS, The parking or repair of vehicles on City sidewalks creates an eyesore as well as a safety hazard for pedestrians; and

WHEREAS, Persons trying to circumvent Section 65 park their vehicles on the sidewalk to make repairs; and

WHEREAS, The practice of parking automobiles being repaired on streets and sidewalks has so exacerbated the parking situation in some neighborhoods that other residents and visitors are parking on or across the sidewalks as a matter of course; and

WHEREAS, The Board of Supervisors recognizes that the parking problems in some neighborhoods is so severe that persons, out of necessity, must temporarily park on or across a sidewalk for the purpose of loading or unloading goods from their automobile; and

WHEREAS, The necessity of temporary parking of a vehicle on a sidewalk for loading or unloading should be recognized by the courts as mere incovenience common to modern urban life, as compared to longer term sidewalk parking, or parking on sidewalks for the purpose of repairing an automobile, although all actions may violate the state Vehicle Code; and

WHEREAS, The Municipal Court of the City and County of San Francisco has set bail at $10.00 for violations of Section 65 of the San Francisco Traffic Code, and

WHEREAS, The fine has not proved effective in deterring people from repairing their vehicles in the street in violation of Section 65 of San Francisco Traffic Code; now, therefore, be it

RESOLVED, That this Board of Supervisors urges the Municipal Court of the City and County of San Francisco to increase the bail to $40.00 for violations of Section 65 of the San Francisco Traffic Code, or state sidewalk parking violations where the parking is not for the limited and temporary purpose of loading and unloading and except where the automobile is parked in a driveway and does not obstruct the sidewalk for pedestrians passage; and be it

FURTHER RESOLVED, That upon approval of this resolution by her Honor, the Mayor, the Clerk of the Board is directed to transmit a copy of this resolution to the Presiding Judge of the Municipal Court of the City and County of San Francisco, with the request that she initiate all action necessary to effectuate the intent of this resolution.

PROTESTING SUBMISSION OF THE 1987-88 COUNTY HEALTH SERVICES PLAN AND BUDGET

WHEREAS, State-mandated health care programs are severely underfunded and this year's promise of relief by the State Legislature was denied by the Governor; and

WHEREAS, The Medically Indigent Adult (MIA) program has never been adequately funded by the State and requires increasingly larger City subsidies each year; and

WHEREAS, Vital medical services for the most needy in our society are often not available primarily due to inadequate Medi-Cal provider reimbursements, which further exacerbates the demand on already over-burdened City services; and

WHEREAS, Last year, San Francisco spent $17.4 million in excess of the State allocation on the MIA program, an increase of 38% over the previous year's subsidy; and

WHEREAS, Increasingly scarce City funds must be allocated among numerous competing interests and needs, including the homeless, public transportation, police and fire services and other basic services while the State continues to reduce the amount of funding it provides for programs which were formerly its responsibility; and

WHEREAS, Acceptance of funding under the County Health Services Plan and Budget in no way signifies any agreement that the level of funding provided by the State under the AB 8 and Medically Indigent Services Programs is adequate; now, therefore, be it

RESOLVED, That the City and County of San Francisco protests its submission of the 1987-88 County Health Services Plan and Budget due to the inadequacy of funding provided by the State of California for mandated services included in the Plan.

IMPOSING INTERIM CONTROLS TO PROHIBIT CONSTRUCTION OF NEW DWELLING UNITS IN THE BERNAL HEIGHTS EAST AND SOUTH SLOPE SPECIAL USE DISTRICT FOR TWELVE MONTHS OR UNTIL ADOPTION OF PERMANENT LEGISLATION, WHICHEVER FIRST OCCURS.

WHEREAS, the east and south slope of Bernal Heights is characterized by unimproved streets, limited access, steep topography, restricted utilities, limited City services, and soil and drainage problems; and

WHEREAS, the San Francisco Fire Department has concluded that the existing water supply in the area is deficient and fails to provide adequate water flow to fight fires for future developments and that the water mains would have to be extended and/or replaced; and

WHEREAS, future development of the area would not under current circumstances be supported by adequate fire services, water main connections, waste water connections, or paved streets; and

WHEREAS, without the necessary infrastructure to assure adequate services, further residential development would pose a substantial danger to the current and future inhabitants of the area and would adversely affect the general health, safety and welfare; and

WHEREAS, The Board of Supervisors is exploring the possibility of creating an assessment district to pay for the costs of construction of the necessary infrastructure and has begun the process preliminary to starting the assessment process; and

WHEREAS, imposition of interim controls establishing the Bernal Heights East and South Slope Special Use District and prohibiting construction of new dwelling units in the District is necessary to protect the area from unsafe development while the Board of Supervisors and City departments finalize a plan to ensure that the necessary infrastructure in the area is provided; and

WHEREAS, these interim controls are consistent with the Priority Policies set forth in City Planning Code Section 101.1 in that:

1. The Special Use District will not adversely affect Policy 1. The entire area of the Special Use District is within an RH-1 (House, one family) district. There are no retail uses within this area. The control does not place limitations on any neighborhood serving retail uses or on the opportunity for future uses of this type, or on opportunities for resident employment and ownership of such uses.

2. The Special Use District provisions are consistent with Policy 2. A purpose of the East Slope study and controls is to preserve existing housing and neighborhood character. The controls act as a disincentive to demolition as they place a prohibition on piecemeal new construction.

3. The Special Use District provisions do not adversely affect Policy 3. While the moratorium would temporarily prohibit construction of new housing, new housing in general is more costly than existing housing. The legislation would not cause the loss of existing affordable housing. The controls act as a disincentive to demolition as they place a prohibition on piecemeal new construction. The affordable housing stock in the area is thus protected.

4. The Special Use District will not adversely affect Policy 4. The immediate effect will be to limit growth in traffic and neighborhood parking demand as the control limits

piecemeal development.

5. The Special Use District will not adversely affect Policy 5. This area of Bernal Heights is exclusively a single family residential district in which no industrial, service or commercial office activities take place. The controls will not promote commercial office development nor will they impede resident employment or ownership in the industrial and service sectors.

6. The Special Use District will not adversely affect Policy 6 as the legislation prohibits further construction on a temporary basis.

7. The Special Use District is consistent with Policy 7. The legislation prohibits construction of new units, thereby removing whatever incentive might have existed for demolition of the two buildings in the district which were rated as "fair" during the 1976 Department of City Planning Citywide Architectural Survey. There are no landmark buildings within the district.

8. The Special Use District is consistent with Policy 8. Parks and open space and their access to sunlight are protected from development by the control's prohibition against piecemeal development; and

WHEREAS, the procedure for consideration, imposition, and extension of interim zoning controls by the Board of Supervisors is set forth in Section 306.7 of the City Planning Code; now, therefore, be it

RESOLVED, that interim zoning controls are hereby imposed in the Bernal Heights East and South Slope Special Use District, as shown on Exhibit A in Board of Supervisors File No. 111-87-15, consisting of three sub-areas; sub-area (1) consisting of all of

Assessor's Blocks 5557, 5574, 5575, and 5577, and Lots 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30 of Assessor's Block 5556, located in the area generally bounded by Rutledge, Holladay, Esmeralda, and a line running between Esmeralda and Rutledge at midblock between Brewster and Franconia Streets; sub-area (2) consisting of all of Assessor's Blocks 5627, 5628 and 5629, and Lots 13, 14, 15, 16, 37 and 38 in Assessor's Block 5626 and Lots 18, 19, 21, 22, 23, 24 and 25 in Assessor's Block 5641, located in the area generally bounded by Gates, Powhattan, Rosenkranz and Bernal Heights Boulevard; sub-area (3) consisting of Lots 17, 18, 19 and 20 in Assessor's Block 5695, Lots 1, 2, 3, 4, 24, 25, 26, 27, 28, 29, 30, 31 and 32 in Assessor's Block 5696 and Lots 1, 2, 3, 4, 5, 6, 7, 8 and 9 in Assessor's Block 5697, located in the area generally bounded by Jarboe, Bronte, Tompkins and the James Lick Freeway; and be it

FURTHER RESOLVED, that in this district, no application for a building or site permit authorizing the construction of new dwelling units shall be received, considered or approved; and be it

FURTHER RESOLVED, that these interim zoning controls shall be in effect for 12 months or until the adoption of permanent legislation regulating development in the area, whichever first occurs.
